Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

*I do not do well with other
kinds of progesterone with problems of bleeding.
I need this medication originally for hyperplasia and
now in combination with progestin.
The continued availability of compounded
medication is important to my well-being.
It is not available locally.*
